BACKGROUND

Hao's practice focuses on patent prosecution in the electrical engineering and computer technology fields. She received a bachelor's degree in telecommunications engineering from Nanjing University of Posts and Telecommunications in 2008 and a Master of Laws degree from Nanjing Normal University in 2011 (J.D. equivalent). In 2024, she earned an LL.M. in Intellectual Property Law & Policy from the University of Washington School of Law. Hao is currently pursuing a Master of Science degree through the University of Washington School of Electrical and Computer Engineering.

EXPERIENCE

Before beginning her U.S. patent practice, Hao worked in China as a licensed patent attorney and consultant. She drafted and managed patent applications. She advised corporate and institutional clients on patent filing strategies, patent portfolio development, prior art searches, patentability analyses, and prosecution matters.

In addition to patent prosecution, Hao represented clients in patent litigation and patent invalidation proceedings before the Chinese patent authorities, assisting with evidence collection and preparation for trials and administrative hearings. Her technical experience includes telecommunications systems, electronics, computer technology, smartphones, and related electrical engineering technologies.

AFFILIATIONS

Hao is admitted to practice law in China and is also licensed to practice patent prosecution in China. She is a member of the Washington State Patent Law Association (WSPLA) and the Washington Technology Industry Association (WTIA).
